

Three Miles Out "Desperate"

I can't remember what I said
I'm tired of sleeping on the floor
I guess I didn't have a reason
I never needed one before.

I can't stand the thought of another night alone
How come everyone is taken.

Desperate, Desperate for a date
I'm desperate again.
Desperate, Desperate for a date
I'm desperate again.

It seems I always say the wrong things
Then you slap me in the face
There's nothing here that seems to want me
And I can't seem to find my place.
