Rap:

I love you and you love me  
So why don't we take a little walk down by the sea  
Let me rub you down in slow motion  
Let me hit you with my love potion  
Because im drooling over you like i knew that i would  
And girl you know you're body's lookin G double-O, D  
good  
Me say me love you till the sun stop shine  
Love you more than all the stars up in the sky  
So come on over here and sit next to me my dear  
And let me whisper what you want to hear into your ear  
Me say me love you till the sun stop shine  
Love you more than all the stars up in the sky  
Uh uh uh yeah... yeah...  
Yeah yeah yeah uh... uh...

(chorus)

So come on sweetheart open up and set you're heart  
free  
And I'll give you all the love i have inside of me  
Cause when it comes to you i don't have to second  
guess  
You are number one in my heart i must confess
