search the whole world for a girl like you forever
made my life so complete
and if I could I'd like to make you my wife and never
never ever leave you girl

cuz I've been waiting for a girl like you
my love has never ever been so true
and you can count on me you'll see
my love will always be
I promise you this party's just for two
girl it's me and you

once your in my life I will cherish, love and respect you
give you all the things you need
I will share my life with you and never hurt you
you can put your trust in me

cuz I've been waiting for a girl like you
my love has never ever been so true
and you can count on me you'll see
my love will always be
I promise you this party's just for two
girl it's me and you

when you look at me I'll see
love you have for me is all so real
in my life I'll share with you my love
cuz you will always be with me

cuz I've been waiting for a girl like you
my love has never ever been so true
and you can count on me you'll see
my love will always be
I promise you this party's just for two
girl it's me and you

girl I promise you my love is just forever
girl no matter come what may
there is nothing that will ever come between us
know the difference when I say

cuz I've been waiting for a girl like you

my love has never ever been so true
and you can count on me you'll see
my love will always be
I promise you this party's just for two
girl it's me and you
