

Threnody "Dark Age"

Visit "[Dark Age](#)" on MotoLyrics.com

A century of holy fires
Death commanded by a holy bible
In fire many souls were lost

The mysteries of evil
Truth or insane lies
The fear of the unholy sword
The fear to see evil arise

Witchcraft, a cause of death
Prove your innocence

Or cruelly you shall burn

A century of holy fires
Death commanded by a manic priest
In fire many lives were lost

The mysteries of faith
Truth or insane lies
The fear of the holy word
The fear to see evil arise
