Fighting for everyone
Defensive for everyone
Defiance by everyone
Absent in mind, I declare peace and war
Torture in thought, do you care?
Reading my lips, reading my words
Just a bubble of air
Suffocating..., breathing in
Fear me not, love me not
I am here to read your peace, war and fear
Save this mankind
Save this soul
Face down the world all alone
Do deny, your truth, deny!
Fighting everyone
Defensive of everyone
Defying everyone
Absent in mind, I declare peace and war
Torture of thought, do you even care?
Reading my lips, hearing my words
Just a bubble of air
Suffocating..., breathing in

Fear me not, love me not
I am here to learn your peace, war and fear
Save this mankind
Save this soul
Face down the world all alone
Do deny, your truth, deny!
Killing everyone
Not defending anyone
Defiance by everyone
Absent in mind, I've declared peace and war
Torture of thought, do you care?
Reading my eyes, reading my soul
Just a bubble of air
Suffocating..., breathing out
Fear me now, love me now
I am here to judge your peace with war and fear
Save this mankind
Save this soul
Face down the world all alone

Do deny, your truth, deny!
