

Thriller Shift "Ghetto Story"

Visit "[Ghetto Story](#)" on MotoLyrics.com

We were both drunk when I first fucked you
I closed my legs
And you got up and left
I'm sitting there
With your condom in my hair

See the beer
See the party, the strippers
See you run your hand threw my clothes
You found my phone, so go call your hoe

That you were kinda high, you were rolling your weed
And my daddy said hey leave me some
And I was crying on the staircase
Begging you please don't smoke, and I said

Pancho take me somewhere we can fuck alone
I'll be wasted all there's left to do is bang
You'll be the cholo and I'll be the chola
It's a ghetto story baby just suck it

So I sneak out to the alley to fuck you
We keep quiet cuz the guard dogs will eat you
So fuck me good
Do me doggystyle for a lil while

That you were kinda high, I was really mad
And my daddy said wheres the liquor at
And I was crying on the staircase
Begging you please don't drink, and I said

Pancho take me somewhere we can fuck alone
I'll be wasted all there's left to do is bang
You'll be the cholo and I'll be the chola
It's a ghetto story baby just suck it

Pancho rape me, there trying to tell me how to feel
This possition is difficult, but so good
Don't be stupid, we'll have to use protection
It's a ghetto story baby just suck it
(Moan)(moan)

I got tired of rubber
Wondering if you were ever cuming in me
Your dick in me is satisfying
When I met you on a dating site, and I said

Pancho fuck me I've been feeling so turned on
I keep waiting but you never cum
Are in my bedroom or are still outside
I knelt to the ground and unzipped his pants

And said, the zipper got stuck
You'll never get your balls chopped off
I want you and that's all I really want
I'll talk to your mom, go pick out new car
It's a ghetto story baby just suck it

Moan, moan
Moan, moan

Cuz we were both drunk when I first fucked you
