"Binding Of The Spirit Onto Earth"

There is a tragedy
deep within this soul
A dark aura
made of stones of sadness
and vast void of longing

On songs of sorrows maiden
the swans drown in grievance
On silver waters springs
This despair she sings;

" In oaken chest they keep my grief
Under the thousand tombstones

lies a thousand dreamsÂ..."

Forever lonely to wander
these landscapes
of the desperate dreams
There is nothing
that can fill the void of longing
Immortalized by grief

"In oaken chests
we keep her dreamsÂ..."

binding her spirit onto earth"
