something's in me killing me
and when I try I see it's only me that's killing me
and business background's not enough
not enough to know what's not to know
I wouldn't know to be that cool I wouldn't know

nothing, nothing's overthrown
only, only left alone

and I'm the only one you know
who acts real dumb leave cause I'm not fun
you know pressure to keep writing this
want to stop left it up to me
it's up to me to be a star it's up to me

nothing, nothing's overthrown
only, only left alone
