Hail to ones who ride by our side  
Death to the ones who still deny  
Now that the lands are free at last  
We hunt down those who praise the past  
We hunt down those who praise the past  
Our banners showing the fearful skull unchanged in  
time  
From Skullmount we ride  
The beginning of an invasion, the time to strike is now  
Shara Kondor, Palantia, and Lore now united  
Together they strike back  
The beginning of an invasion, the time to strike is now  
For death, for death and glory  
For death, for death and glory  
We believe in the power of steel  
Times will change, we'll break the seal  
Together we ride deep in the night  
Armed with steel for one last fight  
Armed with steel for one last fight  
Through the wasted lands of Kahadran, we arrived at  
last  
Fharadahr will fall tonight, storm the black walls  
Through the shattered gates we ride  
Leaving ruins behind, never to rebuild  
Fharadahr will fall tonight, storm the black walls  
We come over land and sail over sea  
The time to strike is now  
Three hundred and fifty ships, ten thousand men  
strong  
The time to strike is now  
At the horizon thousands of banners rise  
Thronar's skull, the white wolf of Lore and the painted  
faces of Shara Kondor  
A view of tremendous fear  
Hail to ones who ride by our side  
Death to the ones who still deny  
Now that the lands are free at last  
We hunt down those who praise the past  
We hunt down those who praise the past  
Our banners showing the fearful skull unchanged in  
time  
From Skullmount we come

The beginning of an invasion, the time to strike is now  
Shara Kondor, Palantia, and Lore now united  
Together they strike back  
The beginning of an invasion, the time to strike is now  
For death, for death and glory  
For death, for death and glory
