So I see the dawn
(Of) The fallen from light
As a sign in the sky
Cold is the naked moon

It's burning there... burning cold
The untouched flame... of Armageddon
Tt calls my name... with distant cries
The blaze is mine... and so is all

Within the storms of thy burning hate
Lies the destiny of the false
My scorn of the whitest lie
Seals my fate among the rotting

My scorn of the whitest lie
Burns like a calling blaze
