

## Throne Of Ahaz "The Dawn Of War"

The dawn of the new beginning  
Was seen from the mountain  
Where the kings of northern might  
Were gathered to claim their thrones

Their eyes were cold  
With burning hate  
They watched the dawn  
And saw their world

And truly...  
This was the end of the years of light  
At last our dawn had come

"A vision of war and lust"  
Its mightiness blinded our eyes  
And so the cold winds of ancient hate

Cleansed the northern lands...

Tall in might  
They claimed their thrones  
The christian god  
Kissed their feet

The kings of northern might  
Returned with pride  
And so their swords  
Were red of blood

Troth...  
This was the northern storm  
Brought forth by their hate  
This was the dawn of their return  
Behold... the dawn of war
