Through the portal of forever frozen tears  
This eve I'll ride with the sunset's flame  
And forever I'll fly with the autumn wind

A raven whispered these words in my ear  
"Be one with the moonlight, the night and the storm  
Hunt with wolves through forests of shades  
And rule from the throne of spirits insane"

As a dancing mist in the autumn night  
Can you feel my hunger, hear my cries?

This eve I'll ride the sunset's flame  
Forever to fly with this autumn wind

I'll ride this wind forever now  
For this night was...  
Like an angel crowned in thorns so beautiful  
And it seemed eternal

A vision of sorrow riding forth  
On the coldest of winds  
Under the weeping sky  
It all seemed so forlorn
