"After Loving You"

Visit "[After Loving You](#)" on MotoLyrics.com

(Merle Haggard - Ronnie Reno - Leona Williams)

Last night I held your body close to mine
And I felt the thrill of loving you for the first time
It's so good to know the feeling hasn't changed
After loving you I still feel the same.

The night is over and I still need you even more
I know I've finally found the one love I've been
searching for
It's so good to know the feeling hasn't changed
After loving you I still feel the same.

--- Instrumental ---

The night is over and I still need you even more
I know I've finally found the one love I've been
searching for
It's so good to know the feeling hasn't changed
After loving you I still feel the same.

After loving you I still feel the same...
