Got lonely too early this mornin'  
Long about 3:30 am  
Woke up in a big empty bed room  
The TV had gone off again

Got lonely too early this morning  
Hey, lonely was laying like dirt  
Got lonely too early this morning  
Before I was ready to hurt

I try to stay clear, call her ol' friends  
Stopping to thinking of you  
I try not to bother you, darling  
'Cause I know that you don't want me too

Try to look over me calling this morning  
I know it's on wrong time of day  
But I just had to talk to somebody  
You know I can't find nothing to say

But baby, it got lonely too early this morning  
A long about 3:30 am  
Woke up in a big empty bed room  
The TV had gone off again

Got lonely too early this morning  
Hey, hey, lonely was laying like dirt  
Got lonely too early this morning  
Before I was ready to hurt
