Got lonely too early this mornin'
Long about 3:30 am
Woke up in a big empty bed room
The TV had gone off again

Got lonely too early this morning
Hey, lonely was laying like dirt
Got lonely too early this morning
Before I was ready to hurt

I try to stay clear, call her ol' friends
Stopping to thinking of you
I try not to bother you, darling
'Cause I know that you don't want me too

Try to look over me calling this morning
I know it's on wrong time of day
But I just had to talk to somebody
You know I can't find nothing to say

But baby, it got lonely too early this morning
A long about 3:30 am
Woke up in a big empty bed room
The TV had gone off again

Got lonely too early this morning
Hey, hey, lonely was laying like dirt
Got lonely too early this morning
Before I was ready to hurt
