Hello Mr. D.J. wont you play a song for me'  
The girl I love just said good-by and I'm blue as I can be  
Oh please Mr. D.J. play that song I heard you play  
And send it out to someone who broke my heart today

You won't have to call her name she'll know it's meant  
for her  
Play me that song of sadness and I'll be grateful to you  
sir  
Oh please Mr. D.J. play that song I heard you play  
And send it out to someone who broke my heart today

(Guitar)  
You won't have to call her name she'll know it's meant  
for her  
Play me that song of sadness and I'll be grateful to you  
sir  
Oh please Mr. D.J. play that song I heard you play  
And send it out to someone who broke my heart today
