I CAN'T GET STARTED

WRITERS VERNONE DUKE, IRA GERSHWIN

I've flown around the world in a plane I've settled
revolutions in Spain And the North Pole I have charted
Still I can't get started with you On the golf course, I'm
under par Metro Goldwyn have asked me to star I've
got a house, a showplace Still I can't get no place with
you 'Cause you're so supreme Lyrics I write of you, I
dream Dream day and night of you And I scheme just
for the sight of you Baby, what good does it do? I've
been consulted by Franklin D Greta Garbo has had me
to tea Still I'm broken-hearted 'Cause I can't get started
with you
