I feel like a stranger in this home I built for you  
And I can't understand this awful change you're going  
through  
But lately, I've been watching you grow colder every  
day  
And I'd rather be gone, than in your way

I'd rather be gone, than in your way  
I'd rather see someone else here, in my place  
And if I decide on leaving, my world will end today  
But I'd rather be gone, than in your way

I'd rather be gone, than in your way  
I'd rather see someone else here, in my place  
And if I decide on leaving, my world will end today  
But I'd rather be gone, than in your way  
I'd rather be gone
