(Hank Williams)

I could say it's over now that I was glad to see you go  
And I could tell the world that I don't love you  
My lips could tell a lie but my heart would know.

I could give you all the blame but I'm sure the truth  
would show  
I could tell my friend I found a new love  
My lips could tell a lie but my heart would know.

I can't fool my crying heart cause it knows I need you  
so  
And I could lie about the way I'm feelin'  
My lips could tell a lie but my heart would know.

--- Instrumental ---

And I could lie about the way I'm feelin'  
My lips could tell a lie but my heart would know...
