Hello Mr. D.J. wont you play a song for me'

The girl I love just said good-by and IÂ'm blue as I can be

Oh please Mr. D.J. play that song I heard you play

And send it out to someone who broke my heart today

You wonÂ't have to call her name sheÂ'll know itÂ's meant for her

Play me that song of sadness and IÂ'll be grateful to you sir

Oh please Mr. D.J. play that song I heard you play

And send it out to someone who broke my heart today

(Guitar)

You wonÂ't have to call her name sheÂ'll know itÂ's meant for her

Play me that song of sadness and IÂ'll be grateful to you sir

Oh please Mr. D.J. play that song I heard you play

And send it out to someone who broke my heart today
