(Bobby Wayne)
Bobby Wayne

In the first act you held me so close to you
And in the second you kissed me so sweet
Then in the third act we parted that's why I'm so blue
I've got to have me a repeat performance with you.

I've gotta hold you and kiss you just one more time
But you know how the game goes you can never really
be mine
Our show lasted just one night and it left me much too
blue
I've got to have me a repeat performance with you.

--- Instrumental ---

I've gotta hold you at least one more time
But you know how the game goes you can never really
be mine
Our show lasted just one night and it left me much too
blue
I've got to have me a repeat performance with you.

I've got to have me a repeat performance with you.
