(Charles Singleton - Larry Coleman)

Hey my baby got something she calls her stingeree  
My baby got something she calls her stingeree  
She really drives me crazy when she turned a do-loose  
on me  
It's the truth.

--- Instrumental ---

Well, the boys tried to tell me they said they heard bout  
the way she was  
I said the boys tried to tell me they heard bout the way  
she was  
But it's not the way my baby treats me it's the thing my  
lovin' baby does.

Here's Roy Nichols now.

--- Instrumental ---

He knows that ole girl.

--- Instrumental ---

Now I walk from Dallas bearing the Wichita Falls  
Yeah I walk from Dallas bearing the Wichita Falls  
And if I could see my baby that won't be no walk at all.

Here comes now

--- Instrumental ---

My baby got something she calls her stingeree  
My baby got something she calls her stingeree  
She really drives me crazy when she turned a do-loose  
on me..
