[fiddle]

Ever in dreams with you I'll sway dear, to the waltz you saved for me.

Ever in dreams while I'm away dear, I'll hear this melody

Whisper goodbye and gently say dear that in all the days to be,

You will sometimes remember the waltz you saved for me

This waltz, that you saved for me, ever will be in my memory.

This waltz, though it means goodbye,
I'll always treasure each tender measure.

Ever in dreams with you I'll sway dear, to the waltz you saved for me.

Ever in dreams while I'm away dear, I'll hear this melody,

Whisper goodbye and gently say dear, that in all the days to be,

You will sometimes remember the waltz you saved for me.
