I can make it for a day or two without you

And maybe I can make it through the night

I can smoke I can drink and probably be alright until  
morning

But what am I gonna do with the rest of my life

I've got things that I can do I've got places I can go to  
this evening

I've got whiskey I can drink that'll help me not to think  
about you leaving

Yes I can smoke and I can drink probably be alright till  
morning

But what am I gonna do with the rest of my life

[ guitar ]

I've got things that I can do...

But what am I gonna do with the rest of my life
