I have no fear of this divine obscurity
Sought the truth, but ended up one foot in the grave
Curse you who drape yourself in vanity
Befool yourself until judgement day

I will not step aside in silence
Won't be slaved again
Won't befog myself with values
All in vain

Autumn rain, wash this filth away
Share this moment
With a lonely, fierce, vulgarian soul

Hear my call
I once had blood on my hands
See me fall
With the company of a madman

I will not step aside in silence
Won't be slaved again
Won't befog myself with values
All in vain

I resent this god forsaken clarity
Found the truth, but ended up both feet in the grave
Curse you who cast yourself in humility
Lower yourself until our last days

Autumn rain, wash this filth away
Share this moment
With a lonely, fierce, vulgarian soul

Hear my call
I once had blood on my hands
See me fall
With the company of a madman

Descend to the ground
Feel it's warm breath around you
Pure serenity
Truly in vivo
