Throne Of Chaos
"The System"

So sick of this system
So sick of these lies
So sick of this bullshit
So sick of it all

They say everything is alright
They say everything is fine

Don't believe in this system
Don't believe in these lies
Don't believe in this bullshit
Don't believe in it at all
They say everything is alright
They say everything is fine
They say you don't have to worry
Just follow the motherfucking line

Kill the system, use your own will
Kill the system, use your own mind
See the reason with your own eyes
Kill the system!!!
