Back and forth and here again
I've finally found a place where I can feel again
Back and forth and here again
I'm waiting for the day when you return to me

I've become so worthless here
I've become so worthless here

So miss lovely how was the fare
Across the open sea?
Two voyages run parallel
But never seem to meet

I've become so worthless here
I've become so worthless here

Back and forth and here again
I've finally found a place where I can feel again
Back and forth and here again
I'm waiting for the day when you return to me

Tell all thy maidens I bid them well
But lovely's stole the king
So scandalous this love affair
It's no new news to me

I've become so worthless here
I've become so worthless here

Back and forth and here again
I've finally found a place where I can feel again
Back and forth and here again
I'm waiting for the day when you return to me

But now I'm afraid you'll see
That I'm not worth it and you leave
But I'm worthless without you
Worthless without you

Back and forth and

Back and forth and here again

I've finally found a place where I can feel again
Back and forth and here again
I'm waiting for the day when you return to me
