

## Through Your Silence "My Blood"

As sand through my finger  
My blood has flown away.  
The lymph that once fed my roots  
Has dried  
In every part the trunk that sustained  
Me is now consumed.  
Just a meaningless flowing into my veins  
The monotonous pulse in mi ears brings me  
To a reality I despise:  
What once was is no more  
Anger asks me why  
But there's no answer that can bring relief  
No gesture which doesn't remind me  
No word that can ease this pain  
Just the feeling of loss  
The feeling of loss is something that lasts  
And fills your soul with his emptiness  
The perpetual companion of my sleepless nights  
And idle days.
