

## **Through Your Silence "Whispers To The Void"**

Grains of sand falling  
Into the hourglass  
Poison dripping  
Into the heart  
Atoms like words  
Scattered in a thousand directions  
Among endless spaces and collisions  
Any single purpose?  
Any single meaning?  
The dialogue between two beings  
The eternal mankind concerto  
Does exist?  
Has he ever existed, a listener?  
Too little the time or too huge the gap  
Then deaf is the other?  
Silence deafens more than a perpetual  
Background noise  
Is for that our speaking, our praying,  
The whispering and sighing?  
Along with our universe that runs into the darkness the  
same way our voices are whispers to the void
