Winter came
My whole world changed

Snow falls
Looking out of my windows
All the colours seem faded
Staring into my soul
Only bitterness dwells

Frozen winds trample
Every remaining emotion
Ice slips into my clefts
Sapping the already brittle
Frame

Skeleton like trees that
Give no shelter
All the paths covered
For the wanderers
Who are lost

Precious thoughts frozen
Like memories stuck
Into moments lost time
Ago
Hibernating like animals

My steps fall on thin ice
Waiting for the freezing waters
To submerge me
