Pull me out of this nightmare.
Tell me something's going to change.
Sick and tired of fighting with you.
Dealing with this everyday.
Break down the walls that save you.
Crawl on my bloody hands.
For one second just to hear me screaming at your
ignorance.

You are the, the shadow.
The shadow at my door.
You are the, the shadow.
The reason that I fall.

It's all the same when you're running away.
(Running away.)
I can't control you.
I can't forget you.
It's all the same when you're running away.
(Running away.)
I can't control you.
I can't forget you.

Delete me from your life and pretend to never care.
You cried and I cried with you, picking up the pieces
again.

You are the, the shadow.
The shadow at my door.
You are the, the shadow.
The reason that I fall.

It's all the same when you're running away.
(Running away.)
I can't control you.
I can't forget you.
It's all the same when you're running away.
(Running away.)
I can't control you.
I can't forget you.

Forget you.

I'm lying hear with the pictures of you.
So much to tell you now.
So much to share with you.
I'm lying hear with the pictures of you.
So much to tell you now.
So much to share with you.

Our hearts are locked inside a cage that seems to
never open up.
Our hearts are locked inside a cage that seems to
never open up.

It's all the same when you're running away from the
burn.
I can't forgive you.
I cannot forget you.

It's all the same when you're running away from the
burn.
I can't forgive you.
I cannot forget you.

It's all the same when you're running away from the
burn.
I can't forgive you.
I cannot forget you.

Forget you.
