Can we rise? We will rise
We will rise above the lies and move on

We are the hated
We are the raging plague
We are the ill-fated
We grow stronger each day
And we rise
We've built a new world
Underneath the one we hate
Outside there is no love
But down here we're one
And we'll rise above

Can we rise? We will rise
We will rise above the lies and move on
We are the hated
We are the youth betrayed
We are the ill-fated
We struggle each day
And we rise
This is new blood
This is a family
The voice of the unloved
We will rise as one
And we'll rise above

Can we rise? We will rise
We will rise above the lies and move on
