I feel like Iâ€™ve been blown apart..
There are pieces here I donâ€™t know where they go
(I donâ€™t know where they go)
Kiss me on my salty lips
bet you feel a little crazy but for me we'll be famous on
TV

Would it be my fault if I could turn you on
Would I be so bad if I could turn you on
When I kiss your mouth I want to taste it
Turn you upside down donâ€™t wanna waste it

I jump on you, you jump on me
You pushed me out and even though you know I love
you
I feel inclined to slap you in the mouth
When I kiss your salty lips you will feel a little crazy
but for me Iâ€™ll be famous on TV

Would it be my fault if I could turn you on
Would I be so bad if I could turn you on
When I kiss your mouth I want to taste it
Turn you upside down donâ€™t wanna waste it

Would it be my fault if I could turn you on
Would I be so bad if I could turn you on
When I kiss your mouth I want to taste it
Turn you upside down donâ€™t wanna waste it

Now will it be my fault if I take your love and throw it
whyâ€™d you might restrain me
could you really blame me
And you will feel you blown apart
all the pieces there will fit to make you whole
And I know where they go

Would it be my fault if I could turn you on
Would I be so bad if I could turn you on
When I kiss your mouth I want to taste it
Turn you upside down donâ€™t wanna waste it

When I kiss your mouth I want to taste it

Turn you upside down don't wanna waste it

When I kiss your mouth I want to taste it
Turn you upside down don't wanna waste it
