It feels so bad..  
you can't let go  
evrything seems sad..  
evrywhere you go.  
and it's me-who-never-gave-you-  
what i had-to-i regret-you-had to feel...  
"evrythings over.....now!"

cause it's all not worth crying for...  
and it's all not worth me!  
cause it's all not worth dying for...  
and it's all not worth me!

i can breathe your love  
i can feel you here..  
(hey) evrythings ok (!)..  
and im always near, so don't feel...  
"evrythings over..... ..now!"

cause it's all not worth crying for...  
and it's all not worth me!  
cause it's all not worth dying for...  
and it's all not worth me!

you're stupid
