Laying down in this Spanish bar, that last slammer hit
me like a car
I've got the 6 a.m. Balearic blues, can't even focus on
my own tattoos
I had a fight with this German guy, I saw him give my
little girl the eye
While he was trying hard to be so cool, I hit him with a
stool
Oh yes, alright, I'll be going all night
Gonna drink 'til they take me away, I'm an Englishman
on holiday
Every year I get to do the same, I meet the boys and
get on the plane
We like to sing and shout out "here we go"
'Cos they're the only words that we all know
We've got the loudest shirts you've ever seen
We're gonna take the beaches like a team
We've got so much duty free to drink, enough to float a
ship
Oh yeah alright, I'll be going all night
So light the paper, get out of the way, I'm an
Englishman on holiday
We never look for trouble at the start, but it always
comes our way
We've got our pride and we just can't walk away
(Solo)
This morning I woke up inside a cell
They dragged me screaming out of my hotel
I don't remember what it was I did
But I've got this drummer banging in my head
I've got to get out 'fore I miss the plane, next summer
I'll be back again
I'll be fighting for the Union Jack, if they let me back
Oh yes, alright, I'll be going all night
Gonna drink 'til they take me away, I'm an Englishman
on holiday...
