Ashes To Ashes... Death To All

[Music written by Paimon]

Bells of doom-begun singing  
As it had be sung before the creation  
In heaven it was when the light was born  
In Hell it is where the Morning star shines  
Closer the sin is than the purity guards  
The soul that weeps mortify in the insane confession  
Closer the sin is than the liturgy bitterness  
With shame spoken as the prayer of hope

The air so fresh they won't breathe no more  
And no tear shall cure their dried eyes  
Dawn rises burning and brings no solace  
Ashes to Ashes... Death to All!

Wind demons started the dance so ancient  
To fidgeting in the strange air's vibrations  
Swallowed they filled everyone with the desire to harm  
Exhaled they murdered all those who believed their  
dreams  
Closer the sin is than the church of obedience  
Into the blindness and madness it dwells  
Closer the sin is than the fear of god  
That burdens the believers with penitence

To the heaven so high they won't fly  
And no wish of angel can stop the marauder  
Dawn rises burnt by the spells of Samael  
Ashes to Ashes... Death to All!

Awaken by the blast of infernal rage  
Purification agony is inexorable  
Death... Death to All!  
There's no survival from the last strike of convulsion  
Even the sacredness is no longer eternal  
Death... Death to All!

No mortal deserves to live amongst the Undead

So they will suffer when realize that virtue is higher  
damnation  
Bells of doom singing the mystical anthem  
As it let be written long before the creation  
In heaven the death's cold blade continuous the art of  
havoc  
In hell that on earth is revealed we Praise The Name Of  
Satan
