I came to this land
To join this fight
I bring my sword
And all my pride

The battle start
I see running blood
I feel the death behind
My king is lost
My armies are gone
I'm blinded for the dark
My sword is broke
I have no chance
To leave this war with life

My soul want to fight
But my body is hurt
I feel the cold in my heart
And I see my wasted life

[Chorus:]
Where is the king?
How many death I see
Where is the king?
Women and children are praying for live
Where is the king?
A river of blood grown here
Where is the king?
I wasted my life for this

The battle is over
Where is the king?
Is better stay without him
He is a betrayer
Is full of fear
Nobody wants a king
The glory the pride
Where is this now?
Now I'm my king

The king who leave and left
His people alone in pain

Is just a mortal man
A coward with a crown in his head

[Chorus]
