Been pacin' down these halls  
'Bout half the night  
Thinkin' how I'm gonna keep this high  
With no lines in sight

Called up everyone  
They said I'm out of luck  
Already spent my pay  
And I don't give a fuck  
Ya know I really don't

I'm just another one  
Behind the eight ball  
I'm just another one  
Behind the eight ball

Went down to the local bar  
To see what I could find  
Oh my god, it's Johnny Wadd  
He'll take care of me tonight

I said I'll be your friend  
Your friend 'til the end  
But when that last line's gone  
This friendship's dead

Ya know what I'm sayin'?
