You look to me  
Faster I go  
Inside my head  
I'm loosing control

All passing by  
I don't wanna stop  
The life going fast  
Someday I fall

[Chorus:]  
Fall, fall  
Fall, fall  
Fall in the dark  
Fall in the dark

All I can do  
Is enjoy the life  
Coz' anyway  
I'm gonna die

When I think in the future  
That never comes  
Is better live the life  
Before I did gone

[Chorus]

On the speed I go  
At last I fall  
I lost my head  
And I lost all control

I thought that the freedom  
Was lived day by day  
But control my life  
Is the freedom that I gain

[Chorus]
