Force of nature!

Look the power of mankind
They think that control all
The rivers, the sky, the people
But nature will do they fall

Just a finger of God
Is a big hurricane
Can raise it all
For nature is just a game

[Chorus:]
Rage of the wind
Force of the storm
Power of the sea
Nature's force

We built a lot
We conquer the land
But a earthquake
Can make that all die

All we use the water
The countries fight for sea
They forget that it's alive
A tsunami can destroy his dreams

[Chorus]

The forcer of the nature
Can be our extinction
Respect it and be ready
Can be our salvation

The force of the storm
The power of wind
Can make us fly
Is the only think that is free?

[Chorus]
