When you're younger you wish you were old.  
When you're older you do what you're told.  
You didn't hear us, you didn't listen:  
We need more of your ammunition..  
Ammunition, ammunition..  
Ammunition, ammunition.

(Stay young,)  
You think you're bullet proof,  
(Grow old- it's what you wanted.)  
But to tell the truth  
(Stay young,)  
You lost your baby face now.  
(Grow old.)

When you're older you wish you were young.  
You're collapsing like a cancered lung.  
You didn't hear us, you didn't listen:  
We need more of your ammunition..  
Ammunition, ammunition..  
Ammunition, ammunition.

(Stay young,)  
You think you're bullet proof,  
(Grow old- it's what you wanted.)  
But to tell the truth  
(Stay young,)  
You lost your baby face now.  
(Grow old.)
