remember when we used to talk all night  
we didn't get much sleep  
talkin love and plannin out our lives  
and who we're goin to be  
things were so much different then  
and life has changed so much my friend  
but you and I we'll always believe

\*chorus\*

cuz we'll be you'll see  
we'll be we'll be friends forever  
we'll be you'll see we'll be like thelma and louise  
we'll be (yea yea) you'll see (uh-huh)  
we'll be friends forever (friends forever) (friends  
forever)

i know that hes been hurting you  
i've known for awhile  
now you've found love in someone new  
i can see it in your smile  
i swear your secrets safe with me i'll tell nobody what  
i've seen  
what you need is perfect trust in me

\*chorus\*

we all need someone we can trust  
a friend of our own  
i swear your secrets safe with me  
you're not alone  
together forever you can depend  
(you can depend)  
together we will fight til the end  
oooooooooh yea

\*chorus\*

repeat \*chorus\*
