Was thinkin' about the times when we were younger  
You put your life right in my hands  
All the time you knew what I was thinkin'  
But you stayed, I'll never know the reason why  
You thought our love, our love would never die girl  
Well isn't life one big surprise  
You wouldn't hear the things that I had to say girl  
Now I'm gone, didn't want to end this way

Ain't no world of trust  
They just tell you lies  
Better listen girl  
Better understand  
Don't go through life  
Being led by the hand  
Better listen girl  
Better understand

I tried to make you see now,  
That your love ain't good enough for me  
If you took the time, you would have seen now  
It's too late, now I'm on my way  
Ain't no world of trust  
They just tell you lies  
Better listen girl  
Better open your eyes  
Don't go through life  
Being led by the hand  
Better listen girl  
Better understand

You'll always be  
Just curiosity girl  
Well I've got some news for you  
I'll never let someone take my good times  
Now I'm gone, didn't want to end this way

Ain't no world of trust  
They just tell you lies  
Better listen girl  
Better understand  
Don't go through life

Being led by the hand  
Better listen girl  
Better understand

Ain't no world of trust  
They just tell you lies  
Better listen girl  
Better understand  
Don't go through life  
Being led by the hand  
Better listen girl
