"Face To Lace"

She had it comin' for a long time
Said she was a virgin but to me that didn't rhyme
I got another thing up my sleeve
I've been watchin' you every night
And they tell me you're the type who likes to fight
I wanna get on my knees and please ya

Every time I turn my back, it's another heart
I'm only askin' for one night, why don't you let me do
what's right
C'mon baby, let's fly
Face to lace, I'm cummin' at midnight
Face to lace, gonna make you a sorry sight
Face to lace, why don't ya just let go
Face to lace, and don't say no, no, no

I finally got her to my place, said she wants to take her
time

What a disgrace, I got no time for games
She said "Teddy, not so fast"
Ohh this girl's gettin' to be a pain in my ass
Let me do it to ya one time you'll see

Every time I turn my back, it's another heart
I'm only askin' for one night, why don't you let me do
what's right
C'mon baby, let's fly
Face to lace, I'm cummin' at midnight
Face to lace, gonna make you a sorry sight
Face to lace, why don't ya just let go
Face to lace, and don't say no, no, no

The last thing on my mind is a lover
You better hurry and change your mind before it's too
late
Gonna miss the time of your life
