[Music: H. Wolter / T. Bullet; Lyrics: T. Bullet]

Stone cold, so old  
Let's talk about a ride  
I'll show you how to do it right  
So cool, a fool  
Can't leave a fight  
Let's lick it late into the night

A little understanding  
A little shame  
Ya know my heart's demanding  
No one's to blame

Welcome to the house of swallow

I want, you give  
Let's fake it right  
I'll make you such a sorry sight  
No time, and no crime  
Can stop now  
You know I'm never last in line

A little understanding  
A little shame  
Ya know my heart's demanding  
No one's to blame

Welcome to the house of swallow

Welcome, welcome, welcome to the house  
The house of swallow  
Welcome, welcome, welcome to the house  
The house of swallow  
Welcome, welcome, welcome to the house  
Talkin' 'bout the house of swallow  
Welcome, welcome, welcome to the house  
Swallow baby
