Music & Lyrics: T. Pulit

She was lonely
Lonely from the love I left behind
I should have told her
Ya know the girl
She's not my kind
I had to keep movin' on
I got a pistol for action
I had to use it on you girl, yeah

Always callin'
Think I'm startin'
To really lose my mind
Should've told her

Ya know the girl
She's not my kind
I had to keep movin' on
I got a pistol for action
I had to use it on you girl, yeah

We're just lovers
Maybe once or maybe twice
Just lovers
Who cares if it's wrong or right
Just lovers
I never want to keep the same
Just lovers
