[Music: H. Wolter / O. Hempelmann; Lyrics: T. Bullet]

I just can't believe in anything you say
No matter how I try no matter what you fake
Got one food inside, got no friends around
But when I'm lookin' at this lonely town
(I'm) sure it's going down

It seems like just when I try
I can't seem to survive now baby
It seems like just when I try
(I) can't seem to survive

You've got your mind made up
And somethings got you down
Your pretty life is gone
And you won't wear a crown
Got no heart, got no class
(I'm) sure you gonna find
That when I look into your fucked up mind
I'm sure you gonna cry

It seems like just when I try
I can't seem to survive now baby
It seems like just when I try
Can't seem to survive

It seems like just when I try
I can't seem to survive now baby
It seems like just when I try
It seems like just when I try (can't seem to survive)
