See that girl, walkin' the streets at night  
The kind of girl, that makes you feel alright  
She's got style in her own way  
But don't you fall in love, fall in love, will be your  
biggest mistake  
Every time you think you've found true love  
It's just another kick  
But you won't give up  
Even though you've had enough

Make it, make it hard  
Tryin' to find love always push too far  
Make it, make it hard

See that boy walkin' the streets at night  
Looks for a girl love at first sight  
It's wishful thinkin' but he knows it ain't right  
To be lookin' for love on the streets of lies

Every time he thinks he's got it right

He'll find a girl but she's not his type  
Even though she's lookin' fine

Make it, make it hard  
Tryin' to find love always push too far  
Make it, make it hard  
Make it, make it hard  
Tryin' to find love always push too far  
Make it, make it hard

[lead]

Make it, make it hard  
Tryin' to find love always push too far  
Make it, make it hard  
Make it, make it hard  
Tryin' to find love always push too far  
Make it, make it hard

Make it, make it hard  
You always push too far

Make it, make it hard  
Make it, make it hard  
You always push too far  
Make it, make it hard
