I can't take another day with you, all ya do is get me
down, it's true

Your callin' me all the time, I think I'm gonna lose my
mind

If you don't stop crawling on your knees

Your always chasing after me

Ya say that's where you want to be

Baby, this is what I've come to see

You got no security

You got no security

First time that I saw you, it was alright

I said it was ok to spend the night

Ya started hanging over me, like a dark cloud

Now can't ya see, now I finally know the reason why

Your always chasing after me

Ya say that's where you want to be

Baby, this is what I've come to see

You got no security

You got no security

Your always chasing after me

Ya say that's where you want to be

Baby, this is what I've come to see

You got no security

You got no security
