Music & Lyrics: T. Pulit

I'll hold on, ohh just for so long
Every time you slip away
I'll make sure you pay
No more tears fallin' from me
I know you heard it all before
Don't try to push me

Seems it won't be long
'Til you're comin' 'round
I must be strong
Won't let you put me down

Straight shooter
Ya put a hole in my heart
Straight shooter
Straight shooter
Ya got me right from the start

Straight shooter

Last night you were lookin' so fine
I had to keep away
Won't let you break me
I've been put down
Not gonna take it
Lying down
I know you heard it all before
Can't love you no more

Seems it won't be long
'Til you're comin' 'round
I must be strong
Won't let you put me down

Yeah you be walkin' around
Thinkin' you're so fine, huh
